

Emmanuel Catholic College

Year 7, 2023

Orientation Evening

College Prayer

God of the journey,
We come trusting in your son, Jesus Christ,
keep us aware of your presence,
be our strength, as we strive to do the best we can,
encourage us to be fair, compassionate, respectful,
and to serve others and guide us always
in following your way.

Bless and strengthen all of our Emmanuel community,
as we continue to grow and learn,
nurtured by the Holy Spirit.
Through all that we encounter in our lives
remind us often that you are truly with us.

And lead us in faith, as we go forward on the journey.
We ask this through Christ our Lord. Amen

Pastoral Support

- The Pastoral Care Class is aligned with one of the eight Houses within the College; and
- To begin the year a House Coordinator will be present with the Pastoral Care teacher for additional support.

Transition

- Our aim is to make the transition from Primary School to High School as smooth as possible.
- Transition is not a static period and takes longer for some student than others.
- If we work together, we will make the transition easier for your child.
- The transition needs to be a three-way process between:
 - Student
 - Teacher
 - Parents

Deputy Principal of Pastoral Care

Mrs George O'Brien

Pastoral Care

- Pastoral Care underpins everything we say and do here at Emmanuel. It is done in partnership with you the parents/caregivers.
- Our role is to ensure all students feel happy, safe and are well looked after in our care and provide that 'wrap around support'.
- If we are all working together towards your child achieving their goals, then they will have the best opportunity to achieve their full potential.

New Learning in 2023

The McCrindle Report : The Future of Education

- V: VOLATILITY
- U: UNCERTAINTY
- C: COMPLEXITY
- A: AMBIGUITY

“We believe that if we truly wish to meet the needs of our students and provide them with the necessary skills, knowledge and experience to thrive as global citizens in today’s world then we first must seek to understand them.”

What Emmanuel Students said:

- They are not very engaged in the majority of classes
- They see little value or real world application to what they learn at school
- They do not favour the traditional stand and delivery method of teaching
- They want their learning to be more practical and hands on.
- Everyone is forced to learn the same way
- They do not have a choice as to how they demonstrate their skills and knowledge

Changes for 2023

New timetable – learning blocks

- Combination of 100 and 50 minute periods throughout the week.
- Change of practice by our teachers – ‘Teach for Innovation’: facilitators and curriculum designers.
- Provide adequate time to learn individually and collaboratively – be more creative.
- Student-centred approach.
- Less movement throughout the day.

Camera Angle - Eye Level

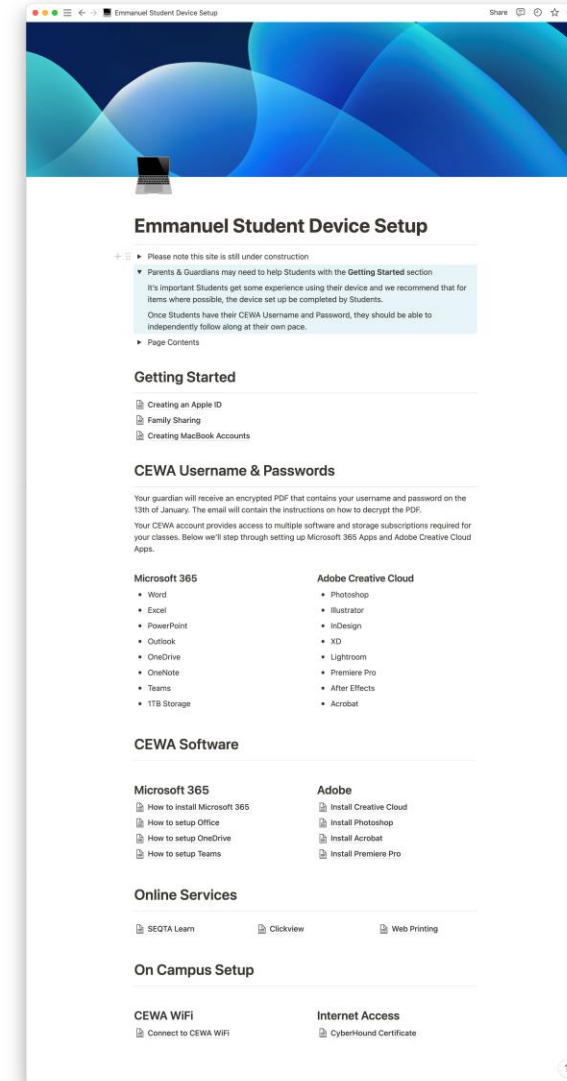

The shot above is a mid-shot / eye-level - the effect is that we are at the level of the characters - they look stressed and are in an attack mode with their weapons drawn. The audience too is at their level, sharing the tension. The Mid-shot shows us the stress on their faces, we can see their facial expressions.
