2 March 2023

Dear Parents and Guardians

We are excited to welcome you to our newly formatted Parent Evening for 2023. The Parent Evening has been developed to provide key topics to further support you in raising your teenagers. We value the support of our parent community and wanted to strengthen this relationship along with providing parents with strategies they can implement at home.

The Parent Evening will be held on **Tuesday 14 March** from **6.00pm** and is a 'choose your own adventure' with a range of sessions that parents can choose from, based on the needs of their child. There is no obligation to attend any session or to stay for the whole time period, merely chose which best suits. Our guest speakers include 2022 *WA Australian of the Year*, Paul Litherland and Azelene Williams from Perennial Health Institute.

- **Paul Litherland 6.30pm-7.10pm in the SPACE**

Paul is returning to our College to help support parents and our young people *Surf Safe Online*. At the Parent Night, Paul will reinforce his key messages to students and how parents can reinforce these at home. He will also provide some tips and hints for parents to keep their young people safe. *If you would like to attend this session, please [register here](#).*

- **Azelene Williams 7.20pm-8.00pm in the SPACE**

Azelene will be talking about vaping, a key concern in our community. The **Vaping - Clearing the AIR** presentation will help tackle the vaping issue by providing parents with strategies, resources and better understanding about vaping and its effect on young people's health. Her presentation has been well received by our students and delivered in well over 150 schools, both nationally and Internationally. *If you would like to attend this session, please [register here](#).*

Additional Sessions (no registration required)
